Call for n. 1 Short Research Fellowship(s) - Ca' Foscari University of Venice – Department of Environmental Sciences, Informatics and Statistics

Progetto SIN
Codice Progetto SIN_00464 Titolo Progetto SIN: Coll@bora ID B.6

(L. 240 del December 30th 2010, art. 18, DL 19/2012; Regulations about Short Research fellowships DR 399/2018 del 04/05/2018

The present document in English is to be considered as a mere translation of the provisions of the call which is available in Italian at the following link http://www.unive.it/data/17576/. The text in Italian is the official text of the notice of competition for all legal intents and purposes and, in the event of non-conformity with the present document, it shall prevail.

The Department of Environmental Sciences, Informatics and Statistics of Ca' Foscari University of Venice, having regard to the resolution of the Decision for Department n. 751/2018. In date 30/08/2018, establishing the research programmes for awarding of the short fellowship in “Study and development of a Web solution for the collaborative sharing of protected material to support users with communication disabilities to be developed in the Coll@bora project - Protected Collaborative Support for Parents and Operators of Disabled”, lasting 12 months, with the possibility of renewal within the limits of art. 4 of the Regulations for awarding of university short research fellowships. The expected starting date is indicatively on 01/10/2018.

The research fellowship is awarded for the purpose of collaboration with the following research programme of the Department of Environmental Sciences, Informatics and Statistics:

Abstract

The research activities will be related to the study and development of distributed solutions to support users with communication disabilities to be developed in the Coll@bora project; Definition and development of the Coll@bora Web, collaborative platform and best practice network for protected content sharing based on Drupal 7 CMS, Coll@bora aims to develop a solution to solve the problems of management and protection of information that is needed to build effective and protected collaboration in the team following the disabled. Coll@bora is based on technical ICT collaborative work, protection for the privacy of sensitive information, mobile computing and artificial intelligence. The project's goals are (i) the study and development of a platform for collaboration and management of teams (made up of parents, family members, physicians, physician assistants, volunteers, etc.) To support disabled people in privacy; (ii) the study and development of web applications, SmartTV and mobile to support assistance and service activities; (iii) the validation of the solution compared to real cases. The NPO Association Modi di Dire, in agreement with the ASL, is an example of the real need of the social innovation described in this project, it will be validated with them. Therefore, the project Coll@bora aims to develop: Coll@bora WEB: a platform for collaboration and good practice.

The research fellowship amounts to Euro 19,367.00 maximum per year, gross to the recipient.

Deadline: 21/09/2018

Selection procedure
The selection is made by assessment of the scientific-professional qualifications of the candidates, the curriculum vitae et studiorum.

Incompatibility
The fellowships within this announcement may not be combined with:
- other research grants;
- fellowships of any other kind, with the exception of those awarded by national or foreign research institutes to integrate, with periods abroad, the specific research activities required by this announcement.
In the case of self-employment, employment or para-subordinate employment, compatibility shall be determined by the Research Project Supervisor.
The granting of the Short Research fellowship does not give rise to the establishment of any employment relationship, nor does it give rise to rights regarding access to the roles of the University staff.

Information and contacts
Candidates may find further details about the application process and the research project in the official call published on: http://www.unive.it/data/28824/.
For further information please contact Patrizia Resente, tel. +39 041/2348680, email: resente@unive.it.

Evaluation Procedure and Commission.
A Commission summoned by the Director of the Department of Environmental Sciences, Informatics and Statistics who indicates the President of the Commission and the member taking the minutes, will evaluate the applications.

Evaluation procedure. The Commission defines the general evaluation criteria. The interview and any other test must ascertain the suitability of the applicant to the research activity. The Commission compiles a ranking and specifies the winning applicant, having regard to the score appointed to experience and qualifications, interview and any other test, as specified by the call.

Awarding of the short research fellowship Having received the selection documents, and at the outcome of the checks, the Director approves, by his own decree, the classification and the selection procedure reports and makes them public according to the procedures specified in the Regulation awarding the short research fellowship art. 6 and in the website http://www.unive.it/data/28900/. Exclusion is justified in detail in the selection reports which can be accessed in accordance with law 241/90.
The Director of the Department/Centre at which the research programme will be conducted awards the research fellowship to the winner of the selection procedure, subject to ascertainment of the prescribed requirements. The latter shall accept the award within 7 (seven) days from receipt of the communication by signing the relative contract at the competent office of the Department of Environmental Sciences, Informatics and Statistics, which will establish the terms of and procedures for the collaboration and allocation of the grant.

Grant. The fellowship is intended to provide the successful candidate with the opportunity to pursue his/her
Decision of the Department of Environmental Sciences, Informatics and Statistics
Rep. 754/2018
Prot. n. 47770 del 31/08/2018

own research while benefiting from the range of expertise at Ca' Foscari University of Venice. The tutor coordinates the activities of the Research Fellow and any other research activity within the same program and provides the Fellow with all the information for carrying out the research. The Department provides the Research Fellow with the needed back-up support such as access to facilities, equipment and administrative services. The Research Fellowship is not, in any case, considered as an employment contract and the Fellow is not part of the University staff. The rights for any patentable invention coming from Research Activities belong to the University or entities with which the University has signed (or will sign) specific agreements.

The person responsible for administrative proceedings

In accordance with Art. 5 of Law no. 241 dated 7 August 1990, as amended, the person responsible for the selection process (RPA) is Federica Fasolato, who can be reached at the Department of Environmental Science Informatics and Statistics at the e-mail address fedefaso@unive.it and telephone no. +39 041/2348565.

Final provisions

For anything not specified in this call, see the University of Venice's current regulations regarding the awarding for research fellowships and the current legislation.

Date, 31/08/2018

The Head of Department of Environmental Science Informatics and Statistics
