Decision of the Department of Environmental Sciences, Informatics and Statistics
Rep. 441/2019
Prot. 19524/III-13 date 04/04/2019

Call for n. 1 Short Research Fellowship - Ca' Foscari University of Venice – Department of Environmental Sciences, Informatics and Statistics
(L. 240 del December 30th 2010, art. 18, DL 19/2012; Regulations about Short Research fellowships DR 399/2018 del 04/05/2018

The present document in English is to be considered as a mere translation of the provisions of the call which is available in Italian at the following link http://www.unive.it/data/17576/. The text in Italian is the official text of the notice of competition for all legal intents and purposes and, in the event of non-conformity with the present document, it shall prevail.

The Department of Environmental Sciences, Informatics and Statistics of Ca' Foscari University of Venice, having regard to the Decision for Department Rep. 439/2019 Prot. 19485/III-13, date 04/04/2019, establishing the research programmes for awarding of the short fellowships in:

“Processing and treatment of data related to quantitative analysis of emerging pollutants (PFAS) in environmental matrices and anthropogenic contaminants in climate archives retrieved from polar regions”, lasting 6 months, with the possibility of renewal within the limits of art. 4 of the Regulations for awarding of university short research fellowships. The expected starting date is indicatively on the first week on May 2019.

The research fellowship/s is/are awarded for the purpose of collaboration with the following research programme/s of the Department of Environmental Sciences, Informatics and Statistics:

Abstract:
The fellow must carry out the following research activity: acquisition of concentration data related to persistent and emerging pollutants in environmental matrices through gas chromatographic analysis, coupled with both low- and high-resolution mass spectrometry; processing and treatment of these data; study of concentration chronological trends in polar climate archives; distribution study of PFAS among different environmental matrices with different organic load; writing of scientific papers.

The research fellowship amounts to Euro 13.000,00 for year, gross to the recipient.

Deadline: 23/04/2019

Rules of eligibility - Beneficiaries.

a) People with:
• Master's Degree in Chemical Sciences (Class LM - 54);
• at least 5 (five) years of research experience at universities and / or other public research institutions in the chemical-analytical field;
• a scientific-professional curriculum suitable for carrying out the research activities envisaged by the Call.

Applicants must hold all the requisites within the call deadline. The qualifications will be evaluated by a Commission that examines the eligibility and qualifications of the candidates and makes a merit rank of them.

Short Research Fellowship to non-EU citizens.
If a non-EU citizen already living in Italy applies for a Research Fellowship, he must hold a residence permit valid up to the Deadline of the call. Otherwise, the Department undertakes to undergo the procedures for obtaining a residence permit for research activities.
How to apply
Candidates should submit:
1. The application form (http://www.unive.it/data/28900/), duly dated and signed.
2. A CV in European format (http://www.unive.it/data/28900/), duly dated and signed.
3. A photocopy of a valid identity document (e.g. Identity Card or Passport).
4. All documents, qualifications and publications relevant for the selection procedure.

How to submit your application
Hard copy of the application should be printed, signed and delivered to Department of Environmental Sciences, Informatics and Statistics by hand delivery (Mon-Fri, 9:00-12:00) or by registered mail with return receipt, or by an email to roxi@unive.it.

Selection procedure
The selection is made by assessment of the scientific-professional qualifications of the candidates, the curriculum vitae et studiorum, [se previsto aggiungere gli altri elementi di valutazione: the scientific publications / the interview.

The short list will be published on http://www.unive.it/data/28900/

Incompatibility
The fellowships within this announcement may not be combined with:
- other research grants;
- fellowships of any other kind, with the exception of those awarded by national or foreign research institutes to integrate, with periods abroad, the specific research activities required by this announcement.
In the case of self-employment, employment or para-subordinate employment, compatibility shall be determined by the Research Project Supervisor.
The granting of the Short Research fellowship does not give rise to the establishment of any employment relationship, nor does it give rise to rights regarding access to the roles of the University staff.

Information and contacts
Candidates may find further details about the application process and the research project in the official call published on: http://www.unive.it/data/28824/.
For further information please contact Rossana Favaro, tel. +39 041/2348683, email: roxi@unive.it.

Evaluation Procedure and Commission.
A Commission summoned by the Director of the Department of Environmental Sciences, Informatics and Statistics who indicates the President of the Commission and the member taking the minutes, will evaluate the applications.
Evaluation procedure. The Commission defines the general evaluation criteria. The interview and any other test must ascertain the suitability of the applicant to the research activity. The Commission compiles a ranking and specifies the winning applicant, having regard to the score appointed to experience and qualifications, interview and any other test, as specified by the call.

Awarding of the short research fellowship Having received the selection documents, and at the outcome of the checks, the Director approves, by his own decree, the classification and the selection procedure reports and makes them public according to the procedures specified in the Regulation awarding the short research fellowship art. 6 and in the website http://www.unive.it/data/28900/. Exclusion is justified in detail in the selection reports which can be accessed in accordance with law 241/90.
The Director of the Department/Centre at which the research programme will be conducted awards the research fellowship to the winner of the selection procedure, subject to ascertainment of the prescribed requirements. The latter shall accept the award within 7 (seven) days from receipt of the
communication by signing the relative contract at the competent office of the Department of Environmental Sciences, Informatics and Statistics, which will establish the terms of and procedures for the collaboration and allocation of the grant.

Grant. The fellowship is intended to provide the successful candidate with the opportunity to pursue his/her own research while benefiting from the range of expertise at Ca' Foscari University of Venice. The tutor coordinates the activities of the Research Fellow and any other research activity within the same program and provides the Fellow with all the information for carrying out the research. The Department provides the Research Fellow with the needed back-up support such as access to facilities, equipment and administrative services. The Research Fellowship is not, in any case, considered as an employment contract and the Fellow is not part of the University staff. The rights for any patentable invention coming from Research Activities belong to the University or entities with which the University has signed (or will sign) specific agreements.

The person responsible for administrative proceedings

In accordance with Art. 5 of Law no. 241 dated 7 August 1990, as amended, the person responsible for the selection process (RPA) is Federica Fasolato, who can be reached at the Department of Environmental Science Informatics and Statistics at the e-mail address fedefaso@unive.it and telephone no. +39 041/2348565.

Final provisions

For anything not specified in this call, see the University of Venice's current regulations regarding the awarding for research fellowships and the current legislation.

Date, 04/04/2019

The Head of Department of Environmental Science Informatics and Statistics

Prof. Antonio Marcomini
