Decreto del Direttore del Dipartimento di Scienze Molecolari e Nanosistemi 2021

1 Research fellowship - Università Ca' Foscari Venezia
(Italian law 30 December 2010, n.240, art. 22)

The present document in English is to be considered as a mere summary of the main provisions of the notice of competition which is available in Italian at the following (link). The text in Italian is the official text of the notice of competition for all legal intents and purposes and, in the event of non-conformity with the present document, it shall prevail.

Description
The Department of Molecular Sciences and Nanosystems at Università Ca' Foscari Venezia invites applications for a fellowship in:

Title: “The function of PIN1 in ovarian cancer”
SSD: BIO/11
Coordinator and Tutor: Prof. Flavio Rizzolio
Duration: 12 months

Abstract:
The role of Pin1 in ovarian cancer is poorly understood. The project aims to establish the function of Pin1 in the high grade serous histology at the molecular, cellular, biochemical and therapeutic levels. In particular, 2D and 3D cell models integrated with the mouse animal model will be used to identify the molecular pathways modulated by PIN1 activity and new drugs that could potentially be used in the clinic.

CUP H74I19001600005

The research may be carried out in English.
The fellowship is intended to provide the successful candidate with the opportunity to pursue his/her own research while benefiting from the range of expertise at Università Ca' Foscari Venezia.

Who can apply
Prospective candidates are expected to hold a master’s in Biological Sciences (LM6), or Biotechnologies (LM9) or Pharmaceutical Chemistry and Technology (LM13), or Environmental Sciences (LM75), or Chemical Sciences (LM54) or Materials Science And Engineering (LM53) and professional scientific curriculum suitable for carrying out research activities.

Will be considered preferential titles:
- PhD;
- the conclusion of the frequency of a PhD course pending the awarding of the degree;
- specialization diplomas and certificates of attendance of post-graduate specialization courses, obtained both in Italy and abroad, the carrying out of documented research activities with public and private subjects with contracts, scholarships or assignments both in Italy and abroad;

Ca' Foscari encourages applications from researchers with positive evaluation in all the criteria in individual proposals such as Marie Skłodowska Curie Actions - Individual Fellowships/ERC Starting Grants/FIRB (Italian Fund for basic research investments)/SIR (Scientific Young Independence Research) or similar.

Dipartimento di Scienze Molecolari e Nanosistemi - Mestre-Venezia
ricerca.dsmn@unive.it / T. 041 234 8633
Researchers having successfully completed Marie Skłodowska Curie Actions - Individual Fellowships/ERC Starting Grants/FIRB (Italian Fund for basic research investments)/SIR (Scientific Young Independence Research) or similar funded projects are warmly encouraged to apply.

**Duration of contract:** 12 months approximately starting: **February 2022**

**Stipend:** The research fellowship amounts to **20.355,00 Euros** per year, including taxes and social charges.

**Deadline for submission of applications:** **17/01/2022 at 12.00 noon.**

**How to apply:**

Candidates should submit:
1. The application form;
2. A motivation letter (max 1 page) along with their CV in European format, duly dated and signed, both to enclosed as a one single.pdf file. [link]
3. A copy of a valid identity document (either Identity Card or Passport);
4. (If available) Evaluation Summary Reports of Marie Skłodowska Curie Actions - Individual Fellowships/ERC Starting Grants/FIRB (Italian Fund for basic research investments)/SIR (Scientific Young Independence Research) individual proposals having passed all the evaluation thresholds;
5. (If available) Details of Marie Skłodowska Curie Actions - Individual Fellowships, ERC Starting Grants, FIRB (Italian Fund for basic research investments)/ SIR Scientific Young Independence Research funded projects;
6. All documents, qualifications and publications relevant for the selection procedure (please, see the notice [link]).

All the schemes of the quoted documentation are available on the website [link].

**How to submit your application**

Applications should be submitted by the online procedure, available on the notice webpage [link]

Or submit here: [link]

The candidate, after the uploading, will receive a submission number and an e-mail acknowledging receipt of his/her application.

The candidate if necessary could access the procedures for updating any data and materials by the link provided by the e-mail, in any case any updates must be made no later than the deadline **17/01/2022 at 12.00 Italian time.**

Please note that the University can be contacted for any support needs by the candidate until 24 hours prior to the deadline.

Please note that in case of an high number of applications and / or weight of the materials loaded by the candidates the system might become slower, Therefore it is suggested not to start the process close to the deadline.

**NB:** the University does not take on responsibility for wrong or late communication of addresses, nor for any communication problem not depending on the University.
Please noted that the University is closed for Christmas holidays from 24/12/2021 to 09/01/2022

Evaluation

Up to 100 points, specifically:
For qualifications, publications and possible tests, from 0 to 60;
For interview, from 0 to 40.

Selection procedure

The interview will be on January 24\textsuperscript{th} 2022 at 10:00 a.m. (italian time) at the Department of Molecular Sciences and Nanosystems of Ca’ Foscari University, Via Torino 155, 30172 Mestre-Venezia at "Acquario" n. 1, 5\textsuperscript{th} floor - Building "Alfa".

The list of candidates admitted to the interview will be published on January 20\textsuperscript{th} 2022, on the University web page Link

Candidates living farther than 200 Kms from Venice may ask to hold a telematic interview.

Topics of the interview:

- Molecular biology skills;
- Cell biology skills;
- Skills for the study of drugs in vitro and in vivo;
- Assessment of knowledge of the Italian language for foreign candidates;
- Assessment of knowledge of the English foreign language.

Information and contacts

Candidates may find further details about the application process and the research project in the official call published on the following (link).

For further information please contact DSMN - Research Sector, tel.041-2348699/8633 email: ricerca.dsmn@unive.it

Venice, 21/12/2021
