### LA RETTRICE

**VISTO** lo Statuto di Ateneo;

**VISTO** il Regolamento di Ateneo per l'Amministrazione, la Finanza e la Contabilità

**VISTO** il DDG rep. 33/2025 prot. 17602/2025 del 20/01/2025 che assegna il budget 2025 alle singole strutture;

**VISTI** gli Accordi Finanziari n. 2024-1-IT02-KA171-HED-000204049 – CUP H71B24000160006 e n. 2025-1-IT02-KA171-HED-000327558 – CUP H71B25000310006, siglati tra l'Agenzia Nazionale Erasmus+ INDIRE e l'Università Ca' Foscari Venezia per l'assegnazione di due Progetti nell'ambito del Programma Erasmus+ Settore Istruzione Superiore - Attività KA Mobilità per l'apprendimento individuale – Azione KA171 – Mobilità con Paesi terzi non appartenenti al Programma (International Credit Mobility);

**VISTO** che il programma Erasmus+ ICM consente di finanziare borse di mobilità per docenti, studenti e PTA outgoing e incoming da e verso Paesi extra-europei;

**CONSIDERATO** che la natura intrinseca della gestione delle mobilità Erasmus+ ICM, derivanti dalle regole ufficiali di gestione, permette e incoraggia frequenti variazioni e spostamenti di budget nel caso si verifichino avanzi dettati da rinunce o modifiche della durata delle mobilità, al fine principale di favorire l'impiego della percentuale più alta possibile di budget assegnato dall'ente finanziatore e di realizzare il maggior numero possibile di mobilità;

**CONSIDERATO** in particolare che sono permessi spostamenti di budget dalle mobilità di studenti outgoing a quelle di docenti outgoing e viceversa, nonché dalle mobilità incoming a quelle outgoing e viceversa, permettendo, in caso di avanzi derivanti da borse non assegnate o da rinunce dei beneficiari selezionati, l'assegnazione di un numero superiore di borse rispetto a quelle inizialmente assegnate, attraverso il ripescaggio dalle liste di riserva, se disponibili;

**CONSIDERATO** che il Programma Erasmus+ ICM fornisce fondi a copertura sia delle spese di viaggio che di quelle di soggiorno (supporto individuale), e che il contributo per il viaggio è assegnato a ciascun beneficiario sulla base di un massimale parametrato alla distanza kilometrica dalla città di partenza a quella di destinazione, come dettagliato nella Guida al Programma Erasmus+;

**VISTO** che l'Ateneo ha stabilito di erogare il contributo di viaggio previsto per le mobilità Erasmus+ ICM attraverso l'acquisto diretto dei titoli di viaggio tramite Agenzia di viaggi, in applicazione del Decreto del Direttore Generale n. 396/2023 Prot n. 102791 del 03/05/2023 con il quale l'Ateneo stesso ha aderito all'Accordo quadro di CONSIP per i servizi di gestione integrata delle trasferte di lavoro ed. 4 - Quota Pubbliche Amministrazioni Locali - CIG derivato 9677898613;

**CONSIDERATO** che la modalità di acquisto tramite agenzia comporta che l'Ateneo trattienga eventuali risparmi generati da una differenza positiva tra il massimale di viaggio riconosciuto dal programma ICM ed il costo effettivo dei titoli di viaggio, e che si

	<p>faccia carico in parallelo di perdite derivanti da una differenza negativa tra le due suddette grandezze;</p>
<b>CONSIDERATO</b>	<p>che il Programma Erasmus+ ICM riconosce, in parallelo ai fondi destinati alla copertura diretta delle borse di mobilità, una quota di Organisational support (OS), corrispondenti a fondi destinati a coprire spese generali/forfettarie, non rendicontabili, calcolati e riconosciuti all'Ateneo dall'ente finanziatore come una quota di 500 euro per ogni beneficiario di mobilità effettivamente rendicontato nella piattaforma di rendicontazione denominata Beneficiary Module;</p>
<b>CONSIDERATA</b>	<p>l'opportunità e la possibilità di utilizzare gli OS a copertura delle eventuali perdite nette derivanti dalla gestione dell'acquisto dei titoli di viaggio tramite Agenzia;</p>
<b>CONSIDERATO</b>	<p>altresì che la contabilizzazione dei costi di viaggio per studenti outgoing sostenuti tramite Agenzia prevede l'utilizzo di una voce COAN differente da quella utilizzata per l'erogazione delle quote a copertura delle spese di soggiorno;</p>
<b>VISTO</b>	<p>che l'Ateneo ha stabilito di erogare il contributo relativo alla copertura delle spese di soggiorno (supporto individuale) per i docenti outgoing in modalità forfettaria/alternativa, ossia senza raccolta ed esposizione di pezze giustificative delle spese, a titolo di semplificazione delle procedure;</p>
<b>CONSIDERATO</b>	<p>che la suddetta modalità di erogazione del supporto individuale per i docenti prevede una quota di oneri fiscali ed IRAP a carico dell'Ateneo;</p>
<b>CONSIDERATA</b>	<p>l'opportunità e la possibilità di utilizzare gli OS a copertura delle quote di oneri fiscali e IRAP a carico Ente derivanti dall'erogazione in modalità forfettaria delle quote di supporto individuale per i docenti outgoing;</p>
<b>CONSIDERATO</b>	<p>che il Programma Erasmus+ 2021-2027 consente di finanziare mobilità in uscita di docenti e studenti verso Paesi terzi non appartenenti al Programma anche mediante l'utilizzo di fondi KA131 (Attività KA Mobilità per l'apprendimento individuale – Azione KA131 – mobilità con Paesi aderenti al programma – Erasmus europeo) fino a un massimo del 20% del budget allocato a tale azione;</p>
<b>VISTI</b>	<p>gli Accordi Finanziari n. 2024-1-IT02-KA131-HED-000204026 – CUP H71I24000140006 e n. 2025-1-IT02-KA131-HED-000343425 – CUP H71I25000070006, siglati tra l'Agenzia Nazionale Erasmus+ INDIRE e l'Università Ca' Foscari Venezia per l'assegnazione di due Progetti nell'ambito del Programma Erasmus+ Settore Istruzione Superiore - Attività KA Mobilità per l'apprendimento individuale – Azione KA131 – Mobilità con Paesi terzi appartenenti al Programma (Erasmus Europa);</p>
<b>VISTA</b>	<p>la durata biennale dei progetti KA131 e quella triennale dei progetti KA171, per cui per poter finanziare mobilità in uscita di docenti e studenti verso Paesi terzi non appartenenti al Programma, normalmente finanziate dall'azione KA171, è necessario prevedere l'imputazione di tali spese a progetti KA131 diversi (call 2024, 2025 e seguenti);</p>
<b>VISTO</b>	<p>che tutte le mobilità finanziate nell'ambito del progetto Erasmus+ ICM KA 171 call 2024 dovranno svolgersi entro il 31/07/2027 e che tutte le mobilità finanziate nell'ambito del progetto Erasmus+ ICM KA 171 call 2025 dovranno svolgersi entro il 31/07/2028;</p>
<b>VISTO</b>	<p>in parallelo che tutte le mobilità finanziate nell'ambito del progetto Erasmus+ KA 131 call 2024 dovranno svolgersi entro il 31/07/2026 e che tutte le mobilità finanziate nell'ambito del progetto Erasmus+ KA 131 call 2025 dovranno svolgersi entro il 31/07/2027;</p>
<b>CONSIDERATA</b>	<p>l'impossibilità di prevedere a priori la disponibilità finanziaria in un determinato progetto KA131, in quanto essa è subordinata all'effettivo avanzo di budget che sarà noto con certezza solo verso la fine del progetto stesso o comunque dopo l'individuazione dei beneficiari delle Borse di mobilità con Paesi aderenti al programma – Erasmus europeo;</p>
<b>CONSIDERATO</b>	<p>che, a causa della diversa durata dei progetti di mobilità e dell'impossibilità di prevedere la disponibilità finanziaria in un determinato progetto KA131 di cui alle due premesse precedenti, è necessario prevedere che alcune di queste mobilità – in</p>

	particolare quelle che si svolgeranno tra il 01/08/2027 e il 31/07/2028, dovranno essere imputate a un progetto KA131 call 2026;
<b>CONSIDERATO</b>	altresì che l'Ateneo, in occasione della call di febbraio 2026, presenterà all'Agenzia Nazionale Erasmus+ INDIRE una nuova candidatura per il finanziamento KA131 call 2026 e che, sulla base del trend positivo di finanziamenti Erasmus+ degli ultimi anni, che si basano su di una procedura di assegnazione ricorrente, non competitiva e parametrata sulle richieste presentate nelle annualità precedenti, si può ipotizzare l'esito parimenti positivo di tale candidatura;
<b>VISTO</b>	che tutte le mobilità finanziate nell'ambito del futuro progetto Erasmus+ KA 131 call 2026 dovranno svolgersi entro il 31/07/2028;
<b>CONSIDERATA</b>	l'opportunità e la possibilità di utilizzare comunque gli OS a copertura parziale o totale delle mobilità di studenti e docenti outgoing, che ad oggi si prevede di coprire con fondi KA131, qualora le assegnazioni derivanti dalla Call 2026 non consentano la copertura della totalità dei suddetti costi previsti;
<b>CONSIDERATO</b>	il seguente ordine di priorità nell'utilizzo dei fondi per le specifiche mobilità docenti e studenti out verso Algeria, Kenya, Marocco e Tanzania: 1. progetto ADISS.RI.ERASMUSSTUDIO.KA131.CALL2024 per mobilità realizzate entro il 31/07/2026; 2. progetto ADISS.RI.ERASMUSSTUDIO.KA131.CALL2025 per mobilità realizzate entro il 31/07/2027; 3. fondi Erasmus+ KA131 call 2026, (progetto contabile da definire) si ipotizza che avrà un budget assegnato nel corso del 2026, da utilizzare per mobilità realizzate entro il 31/07/2028; 4. progetto ADISS.RI.OS.INTERN.CREDIT.MOBILITY2427 (KA171 call 2024); 5. progetto ADISS.RI.OS.INTERN.CREDIT.MOBILITY2528, qualora i progetti KA131 avessero esaurito i fondi al momento della realizzazione di queste mobilità;
<b>VISTA</b>	la necessità di assicurare la disponibilità dei fondi necessari per la copertura delle spese di viaggio, soggiorno, oneri ed IRAP relative alle mobilità docenti e studenti outgoing oggetto dei presenti bandi;
<b>CONSIDERATO</b>	che a causa delle specificità della gestione dei progetti Erasmus+ ICM come descritte in precedenza, l'assicurazione della disponibilità dei fondi attraverso la creazione di scritture anticipate mal si adatta alla flessibilità necessaria per garantire una corretta gestione ed un impiego massivo dei fondi disponibili;
<b>CONSIDERATO</b>	che in sinergia con l'Area Bilancio e Finanza di Ateneo si è stabilito che lo strumento migliore per assicurare la disponibilità dei fondi nell'ambito dei progetti Erasmus+ ICM KA171, anche per le quote finanziate con l'Erasmus+ KA131, mantenendo la flessibilità che permette di gestire facilmente la copertura di perdite su acquisto viaggi, corretta contabilizzazione delle spese di viaggio per studenti e oneri e IRAP per borse docenti, si identifichi con quello del sotto-progetto contabile/progetto figlio;
<b>CONSIDERATA</b>	l'opportunità e la necessità di garantire la maggior flessibilità possibile, dal punto di vista contabile, anche per l'eventuale spostamento di fondi inutilizzati tra studenti outgoing e docenti outgoing;
<b>CONSIDERATO</b>	che per garantire quanto sopra, è risultato opportuno prevedere il lancio congiunto dei due bandi per studenti e docenti, al fine di poter prevedere, per ognuno dei progetti contabili associati ai singoli progetti KA171 e KA131, la creazione di un unico sotto-progetto che includa il budget destinato alle mobilità studenti OUT, quello destinato alle mobilità docenti OUT e delle quote di OS relative al numero di posizioni messe a bando e parametrare ad una stima preliminare di oneri per docenti e possibili perdite su quote viaggio, calcolate come 1.000,00 euro per ogni posizione/beneficiario potenziale, a copertura delle possibili perdite per acquisto biglietti tramite agenzia nonché degli oneri e dell'IRAP a carico ente sulle borse per docenti outgoing;
<b>VISTA</b>	l'assegnazione dei fondi di cui all'accordo finanziario n. 2024-1-IT02-KA171-HED-000204049 – CUP H71B24000160006, allocata sul budget dell'Ufficio Relazioni Internazionali come segue: - progetto ADISS.RI.INTERN.CREDIT.MOBILITY2427 (quota per borse di mobilità)

	<ul style="list-style-type: none"><li>- prog. ADIIS.RI.OS.INTERN.CREDIT.MOBILITY2427 (quota organisational support iscritti in apposito progetto);</li></ul>

Candidates will be evaluated accordingly (see Art. 7 for the selection process);
- If enrolled in two courses, one of which is at Ca' Foscari University, while the other one is in another Italian institution: only the Ca' Foscari academic career will be considered;
- If enrolled in two courses, one of which is at Ca' Foscari University, while the other one is in a foreign, non-Italian institution: only the Ca' Foscari academic career will be considered; moreover, the chosen destination **must not** be a foreign institution which the candidate is already enrolled in.

Pre-enrollments will not be accepted either. Only in the event that a student has regularly made the enrollment tax payment before December 18<sup>th</sup>, but he/she does not result as fully enrolled within the date set by the present article due to reasons beyond his/her control, the selection committee has the right to reconsider for eligibility any applications submitted by pre-enrolled students which have met all remaining requirements set by the present Call.

### 3.2 Language proficiency

Applicants must demonstrate, at the application stage and before the closing date of the Call, to hold the following language requirements and certificates, as requested by the receiving institution and formalized within the Inter-Institutional Agreements signed with UNIVE (for further information please check Annex I). No integrations will be possible after the closing date of the call.

In the event that a student does not hold required language certificates as set by art. 3.2, he/she will be considered eligible but automatically positioned at the end of the ranking. In the event that all eligible applicants for a specific destination do not hold required language certificates, the Selection committee has the right to evaluate them according to criteria set by art. 7.2, and the selected candidate will have the possibility to integrate the document after the closing date of the call. In any case the language certificates will be necessary to proceed with the application to the partner University.

### 3.3 Incompatibility

- The same applicant may participate in Erasmus+ mobility periods totaling up to 12 months maximum per each cycle of study (Bachelor or equivalent, Master or equivalent, Doctoral level), independently from the number and type of mobility activities. Previous Erasmus+ experiences (including European destinations and mobilities for traineeship) must be considered for calculation purposes.
- Selected beneficiaries will not be allowed to benefit from any other grant provided by the European Commission for mobility for study / for teaching or training for the same period.
- Beneficiaries must carry out their mobility activity in a Programme or Partner Country different from the country of the sending organisation and the country where the student has his/her accommodation during his/her studies.
- Candidates with a double nationality must specify the nationality under which they submit their scholarship application.

### 3.4 Ineligibility

- Students who have been found in violation of the Code of Student Conduct and thus sanctioned by a governing body of the University will not be eligible.
- If, at any stage in the application procedure, it is established that the information provided by the applicant has been knowingly falsified, the candidate will be disqualified from the selection process.
- Selected beneficiaries who receive an Erasmus+ grant will fully or partially reimburse the EU grant if they do not comply with the terms of the grant agreement and/or if they fail to complete and submit the final online report, unless they are prevented from completing their planned activities abroad due to a case of force majeure.
- Students who withdraw from mobility after accepting it will lose the right to participate to every Erasmus+ ICM call for study that will be launched until December 2026, except for documented causes of force majeure.

## **Art. 4 Activities**

Erasmus+ grants for study are awarded for full time study activities (credits or thesis preparation or both).

## **Art. 5 Grant**

5.1 Beneficiaries will receive a grant contribution to their costs for individual support during mobility, as follows:

INDIVIDUAL GRANT	INDIVIDUAL SUPPORT
Students (basic amount)	Euro 700,00 per month
Students (with top-up for fewer opportunities)	Euro 950,00 per month

The 2021-2027 Erasmus+ Programme “seeks to promote equal opportunities and access, inclusion, diversity and fairness across all its actions. Organisations and the participants with fewer opportunities themselves are at the heart of these objectives and with these in mind, the programme puts mechanisms and resources at their disposal.” (Erasmus+ Programme Guide 2025, page 7).

The basic amount of the Erasmus+ scholarship is €700 per month, which is guaranteed to all selected students.

Students with fewer opportunities receive a top-up to the individual support of their Erasmus+ grant with an amount of additional €250 per month.

Ca' Foscari University identifies students with fewer opportunities through Family Income level, certified through an ISEE

form. The top-up will be assigned to students whose ISEE is lower than 27.948,60 Euros.

To grant the top-up, an ISEE form will be requested **only to selected beneficiaries after the selection will be completed.** However, candidates may include in their application an ISEE form already at the application stage (see Art. 6.2.).

For PhD students no top-up is envisaged: any contribution for fewer opportunities (if applicable) is intended to be covered by the 50% increase in the PhD scholarship envisaged for students conducting research, training and studies in a foreign university or a foreign research body (<https://www.unive.it/web/en/2168/expense-reimbursement-for-mobility>).

For BA and MA candidates, scholarship top-ups are available as follows:

COUNTRY	UNIVERSITY	AVAILABLE PLACES	AVAILABLE TOP-UPS
Cape Verde	Cape Verde Public University	1 MA	1
Morocco	Abdelmalek Essaâdi University	1 MA	1
Morocco	Université Internationale de Rabat	1 BA and 1 MA	2
Tanzania	State University of Zanzibar	1 MA	1

In the event of parity at the selection stage, preference will be assigned to students from less advantaged socio-economic backgrounds.

In the event that the number of eligible candidates with fewer opportunities applying for a certain destination is higher than the top-ups available, preference will be assigned to candidates with the higher overall evaluation results (see Art. 7).

5.2 Beneficiaries will receive a travel contribution (1 round-trip flight ticket per beneficiary) according to the fixed amount assigned per destination, as follows:

DESTINATION	AMOUNT	AMOUNT FOR GREEN TRAVEL
Morocco-Tétouan	Euro 309,00 per participant	n/a
Morocco-Rabat	Euro 395,00 per participant	n/a
Cape Verde, Kenya, Tanzania	Euro 1.188,00 per participant	n/a

5.3. Erasmus+ selected beneficiaries might be required to purchase their international medical insurance with their own funds. Ca' Foscari University of Venice does not automatically provide health insurance for outgoing beneficiaries.

5.4 Erasmus+ selected beneficiaries will continue to pay fees to their sending university but will benefit from tuition-fee waiver from their host university.

5.5 The mobility period must be carried out continuously and it must not be split into different periods. Therefore, during their mobility period beneficiaries must not carry out any learning activity at Ca' Foscari University of Venice (such as taking exams, carrying out internships and/or student collaborations even remotely, graduating).

5.6 Selected candidates accepting the scholarship will sign a grant agreement for mobility listing their duties and responsibilities. They will be required to comply with the local admission requirements and registration procedures at the Host University.

5.7 Special needs support:

Extra-financial support may be available for beneficiaries with special needs. A person with special needs is a potential participant whose individual, physical, mental or health-related situation is such that his/her participation in the project would not be possible without extra financial support. The contribution will be awarded to beneficiaries with special needs upon request to Ca' Foscari University of Venice at the moment of acceptance of the grant and depending on the approval of the Erasmus+ Italian National Agency.

5.8 Administrative support:

Support in visa application, housing, accommodation, and health insurance will be supplied by each host partner university. Ca' Foscari University will assist beneficiaries in obtaining such support from the receiving institution.

In any case the language certificates will be necessary to proceed with the application to the partner University.
- In the event that a student has regularly made the enrollment tax payment before September 30<sup>th</sup>, but he/she does not result as fully enrolled within the date set by art. 3.1 due to reasons beyond his/her control, the selection committee has the right to reconsider for eligibility any applications submitted by pre-enrolled students which have met all remaining requirements set by the present Call.
- In the event of parity, the correct file name will be a criterion for selection.
- In the event of parity, preference will be assigned to students from less advantaged socio-economic backgrounds (based on the ISEE - Equivalent Financial Indicator Index, see also Art. 5)

**Art. 7 Selection process**

7.1 The selection process includes the following steps:

- Eligibility check and evaluation process by Ca' Foscari University;
- Nomination to the receiving institution;
- Scholarship awarding upon confirmation of the selection by the host University.
- Formal application to the host University.

7.2 Valid and eligible applications will be evaluated according to the following criteria, which have been jointly agreed by the partner universities and the coordinating university:

UNIVERSITY	ACADEMIC MERIT	MOTIVATION	PROPOSED L.A. or MOBILITY PROGRAMME	LANGUAGE SKILLS	PREVIOUS MOBILITIES (more points to applicants with less mobility experiences)
Cape Verde Public University	0-35	0-15	0-35	0-15	n/a
University of Nairobi	0-35	0-15	0-35	0-15	n/a
Abdelmalek Essaâdi University	0-30	0-15	0-20	0-30	0-5
Université Internationale de Rabat	0-30	0-20	0-15	0-30	0-5
State University of Zanzibar	0-30	0-15	0-20	0-30	0-5

7.3 The above-mentioned criteria will be evaluated starting from the following indicative rules. Selection committees (one for every destination, composed at least by 3 members, namely the Ca' Foscari Erasmus+ ICM academic coordinator/s for the specific destination and at least 1 member from Ca' Foscari International Office Staff) will have the possibility to adapt them if needed:

- **Academic Merit** (based on information – ECTS and grades - registered in Esse3 by the closing date of the Call – grades assigned to partial exams will be considered only in case of absence of any other final exam registered):

**Bachelor students:**

If the student did not register any credit by the call's deadline, she/he will receive by default 0 points;

If the student registered up to 30 ECTS, the weighted average will be considered, but reduced by a 10% malus;

If the student registered more than 30 ECTS, the full weighted average will be considered;

**Master students:**

If the student did not register any credit by the call's deadline, the Bachelor's Degree's final grade will be converted (for students who achieved the Bachelor degree in a different University from UNIVE, if a transcript of the Bachelor degree is not attached to the application, the student will receive 0 points);

If the student registered up to 30 ECTS, both the weighted average (50%) and the Bachelor's Diploma's final grade (50%) will be considered for evaluation (for students who achieved the Bachelor degree in a different University from UNIVE, if a transcript of the Bachelor degree is not attached to the application, the student will receive up to the 50% of available points);

If the student registered more than 30 ECTS, only the weighted average will be considered;

**PhD students:**

The grade assigned will depend on the evaluation of academic results (50%) and research activities as per CV (50%).

If the student registered ECTS credits by the call's deadline, the 50% of the academic merit criteria will be calculated based on the converted weighted average. Research activities as per CV will be evaluated as follows, until the remaining 50% of the overall Academic merit score is reached:

- 5 points for every published monograph
- 2 points for every published scientific article
- 1,5 points for every international conference or seminar held as a speaker
- 1 point for every national conference or seminar held as a speaker

If the student did not register any credit by the call's deadline, the academic results component of the criteria will be based on the converted Master's Degree's final grade (for students who achieved the Master degree in a different University from UNIVE, if a transcript of the Master degree is not attached to the application, the student will receive only evaluation for the research activities component);

If the student does not state in his/her CV any research activities, he/she will receive up to the 50% of available points;

- **Motivation:** discretionary evaluation based on both written form and content of the letter (relevance of the mobility for the

student's career; use of research facilities at the Host University; impact of the mobility). In case of missing motivation letter the student will receive 0 points. In case of motivation letter provided in a language different than English, the grade assigned to the selection criteria "Motivation" will be reduced by 50%;

- **LA for study and/or research:** discretionary evaluation based on amount of credits to be achieved while on mobility; quality of thesis project (if applicable); consistence between the student's degree program and the exams stated in the LA;

- **Language Skills:** 75% of the score envisaged by the project if the student meets the basic requirements as of art. 3.2 of the call + an additional bonus for every official certification submitted and for every additional language level other than the minimum required;

- **Previous mobility experiences:** 10% of the maximum score will be subtracted for each semester/term-long mobility for study and for each traineeship experience (regardless of its duration), based on information declared by the student in the online application form (that could be checked by International Office based on available data sets).

7.4 In the event of parity, preference should be assigned to students from less advantaged socio-economic backgrounds.

7.5 The final selection decision will consider also cross-cutting evaluation criteria such as gender balance, equal opportunities and participation of less advantaged groups (disabled students, economically disadvantaged students) providing a more equal and fair selection process.

7.6 At the end of the selection procedure, Ca' Foscari University of Venice will draft a ranking list of qualified candidates. A reserve list will also be defined and will include the names of eligible candidates who may be awarded a grant in case of withdrawals/drop-out of selected students.

7.7 All applicants will be notified by e-mail to their institutional e-mail addresses (matricola@stud.unive.it) of the selection results as soon as the evaluation procedure has been concluded. The final list will be also published on the Ca' Foscari University website (*Sezione Graduatorie*) for transparency reasons.

7.8 Selected candidates will receive a **scholarship offer** and are required to **accept or reject it in written** (within 2 days from the notification e-mail). For every selected candidate who will renounce or not accept within the deadline, Ca' Foscari University of Venice will nominate a candidate from the reserve list, that will remain valid for the whole duration of the correspondent Erasmus+ ICM project (as of art. 1.2, 2.1, 2.2).

7.9 Appeal Procedure

- **Rejected applicants** who feel that a mistake has been made in the process or that their application has not been fairly evaluated can file a complaint to [icm@unive.it](mailto:icm@unive.it) not later than **2 days after the notification e-mail**, explaining their reasons.
- Complaints from applicants who have failed to satisfy all the eligibility criteria (e.g. who have not produced the required documentation, or have applied for a scholarship but do not meet the requirements, etc.), or have failed to satisfy them within the established timeframes, will not be taken into consideration.
- The appeal procedure can only come into play if a candidate feels that the Selection Committees have not handled his/her own application in line with the principles and procedures described in the call. In other words, the appeal cannot concern the decision itself, but only an alleged error made in the process.

7.10 Should any budget leftovers become available during the Erasmus+ ICM project for one or more specific destinations, Ca' Foscari University of Venice has the right to nominate additional eligible candidates from each destination's reserve list. Should one destination have several reserve lists resulting from previous calls, priority will be given to most recent one.

- Complaints from applicants who have failed to satisfy all the eligibility criteria (e.g. who have not produced the required documentation, or have applied for a scholarship but do not meet the requirements, etc.), or have failed to satisfy them within the established timeframes, will not be taken into consideration.
- The appeal procedure can only come into play if a candidate feels that the Selection Committees have not handled his/her own application in line with the principles and procedures described in the call. In other words, the appeal cannot concern the decision itself, but only an alleged error made in the process.

7.10 Should any budget leftovers become available during the Erasmus+ ICM project for one or more specific destinations, Ca' Foscari University of Venice has the right to nominate additional eligible candidates from each destination's reserve list. Should one destination have several reserve lists resulting from previous calls, priority will be given to most recent one.
