Description
The Department of *Economics* at Università Ca’ Foscari Venezia invites applications for a fellowship in:

- **Title:**
  
  Modelling climate finance physical risk under scenarios generated with existing
  Analysis of main socio-economic, technological and territorial tendencies that affect
  port activities: general framework and implication for the Veneto port system

- **SSD** M-GGR/02
- **scientific coordinator and tutor:** Prof. Stefano Soriani
- **duration:** 24 months (approximately starting on February 2024)

**abstract:**

Port activities are increasingly conditioned by complex geo-economic, geopolitical, technological and organizational dynamics. Moreover, environmental and territorials issues represent key elements in the evolution of ports and port governance, also with reference to climate change scenarios. The research projects considers the importance of these factors and how they could affect the very nature of ports, particularly in the European context and their role in the evolution of socio-economic systems. The conceptual framework will be then be referred to the Veneto port system,

**Who can apply**

Prospective candidates are expected to hold a master's degree in the subjects of the research, or related disciplines.

Ca’ Foscari encourages applications from researchers with positive evaluation in all the criteria in
individual proposals such as Marie Skłodowska Curie Actions - Individual Fellowships/ERC Starting Grants/FIRB (Italian Fund for basic research investments)/SIR (Scientific Young Independence Research) or similar.

Researchers having successfully completed Marie Skłodowska Curie Actions - Individual Fellowships/ERC Starting Grants/FIRB (Italian Fund for basic research investments)/SIR (Scientific Young Independence Research) or similar funded projects are warmly encouraged to apply.

Preferred qualifications
- doctoral degree;
- having completed the attendance of a PhD programme, although not having yet obtained the PhD title;
- postgraduate studies on the economics and geography of ports and transport, and the evolution of port cities,
- Postgraduate diplomas and certificates of attendance at postgraduate courses with research topics relevant to the subject of the check, obtained both in Italy and abroad; the performance of documented research activities at public and private entities with contracts, scholarships or assignments both in Italy and abroad with research topics relevant to the subject of the grant

Interview Topics
The interview aims to assess the candidates’ skills and expertise on the following subjects:
- Deep knowledge of the specialised literature on port development, with particular regard to the main socio-economic, territorial and technological dynamics driving the evolution of ports
- Deep knowledge of the specialised literature on the evolution of city-port relations

English knowledge will be evaluated during the interview
